

Meet The

Hospitality Team

CASTLE
Leslie
ESTATE

Our Service Promise...

Our aim is to preserve this unique part of Irish Heritage for people to enjoy through innovated sustainable tourism. We strive to protect and enhance the environment and wildlife within the estate wall while retaining the historical home of the Leslie family.

Our aim is that our guests find a refuge here from the outside world, a tranquil timeless atmosphere, wonderful staff, exceptional food and discernible charm. We hope that they leave here relaxed with a better understanding of the importance of the survival of historical buildings such as Castle Leslie Estate.

For our staff we aim to provide a healthy, happy, working team environment without which the above cannot be achieved.
